

The German Shepherd Dog League of NSW Inc Point Score Rules.

Introduction:

The club conducts a point score competition at German Shepherd Specialty shows, starting with the December Show through to the October Show for its financial members in three areas:

1. The **conformation** section; points being awarded for performance in the show ring.
2. The **obedience** section; points being awarded for performance in the obedience ring.
3. The **Bentheim Trophy** section; points being awarded for performance in both the obedience and conformation sections.

The only shows eligible for accumulation of points are:

- The four (4) Specialty Shows and Trials conducted by the GSDL in December, Easter, June and October.
- The December and June Sanctioned Specialty Shows only qualify for points.
- The Open Shows with a trainee judge are ineligible.
- The three (3) trials in the State Obedience Titles held by Dogs NSW.
- The NSW State Breed Assessment.
- The GSDCA National if hosted by the GSDL.

The months listed above are approximate months only subject to Easter, holiday long weekends and rescheduling by the host club.

Shows and Trials conducted by the ACT GSDA & the Newcastle & Hunter Region GSD Club or where overnight accommodation is required to attend are not included.

Conformation Section:

Puppy Dog and Puppy Bitch of the year; points being gained from the puppy classes only and a minimum grading to gain points of 'promising' required.

Adult Dog and Adult Bitch of the year; points being gained from the puppy and adult classes and a minimum grading to gain points of 'good' required.

Sires Progeny, Dams Progeny and Breeders of the year; points are totaled from all eligible progeny.

Note: Points gained in the Puppy classes carry over into the Adult Point Score when the animal moves into the Junior class. The owner of the animal must be a financial member of the GSDL of NSW INC at the time of the show and the animal is permanently domiciled in the State of NSW. Points gained by non financial members will not be considered. Non-financial or interstate exhibits are not eligible for individual points but are eligible for Sires and Dams progeny and Breeders Point Score. Animals that pass away during the point score year only qualify for that year. Sires and Dam progeny only qualify whilst the Sire or Dam is alive. Dam's must have their AZ stamp and Sires must be breed surveyed.
