The International Police Association raised over \$12,000 for the NSW Police Dog Unit last year with a Police Dog Calendar. The money raised funds for much needed training equipment and proved so popular that the IPA are currently engaged producing the second Police Dog Calendar,

The calendar sells for around \$18 or \$26 posted. Pictured is the cover photo of the calendar.

## Presidents Report October 2009

Welcome to another edition of Shepherd News. All due credit must go to Craig Babbage, your editor, for the setting up and distribution of this fine production. His efforts and dedication are very well appreciated.

The GSDL is moving forward in many areas. The committee has worked hard over the past year and I congratulate them on their efforts. Our membership is on the increase and this gives the GSDL a solid foundation along with its financial health again this year.

There have been numerous developments and changes accomplished and instituted this year. We now have our own generic business cards along with GSDL carry bags. These items hopefully will be good marketing tools to get our name more prominently out in the public. Many breeders are purchasing the bags for their own puppy packs.

The purchase of a professional portable display board and banner to be used at displays and expos are other marketing tools purchased by the GSDL. Many thanks go to Terry Jarvis for the negotiations on these items. Fire photography will be setting up the graphics for the banner and we lucky to have such expertise assisting us.

The website has developed very well again this year with the dedication of the Webmaster Fran McAdam who puts numerous hours into its development and maintenance. I congratulate her on the fine job she is doing.

The introduction of Puppy Days on our breed survey dates is building up in numbers and this is another event that is encouraging for the advancement of the GSDL to move forward.

The reintroduction of the State Breed Exhibition in 2008 was again well supported this year and is an indication that this additional event is well appreciated by the members, shown by their support and attendance. All exhibitors need to thank Anne McKenzie and Tony Darcy for their dedication in the execution in organizing all our shows.

Sponsorship of our shows is still an issue we are working on to improve. The current trend of company sponsorship of dog shows makes this area quite difficult to arrange. Hopefully this situation will improve in 2010. The Committee welcome suggestions or any contacts members may have.

Over the recent months we have been developing and outsourcing GSD welfare. With the current financial status of our economy we have become aware that more than a normal number of GSD's are being surrendered. Welfare is integral for us to fulfill our obligation as a specialist breed club and guardian of the breed. We reintroduced welfare donations on our membership renewal and the tremendous response received from our members with donations is very encouraging.

One of our members, Hetty Choy, has volunteered to coordinate and advise the committee. Her personal efforts and involvement in welfare are excellent credentials to manage this activity and coordinate with the various animal welfare and GSD welfare agencies operating. We cannot save every dog but hopefully we will be able to re-home and prevent many sound dogs from being euthanized, especially those that are bred and tattooed under the GSDCA guidelines.

It has been encouraging that other members have expressed a wish to assist in this area.

The demand for the display team is building with an increase in displays and expos they are being asked to participate in. I congratulate all the participants in the display team for their efforts and their dedication to the display team.

The portfolio of Marketing has been revamped to Merchandising and the area of publicity is now Publicity and Marketing. Although only a name change it reflects the area of the portfolio.

Alan Connors has done a marvelous job with this area and all that deal with him I am sure appreciate his efforts.

Another change was the minor change in the constitution where the three-year restriction on the executive was deleted, as notified in the July issue of Shepherd News. This is another common sense development that moves the GSDL into the future.

All the work done in this organization is voluntary and the GSDL would not function without the selfless dedication of those members that volunteer their time to this organization and to the breed we all love.

I am pleased to note that the colour issue and the Breed Standard of the GSD is now resolved with the ANKC due to the efforts and cooperation between the GSDCA, Dr Karen Hedberg and the numerous State Canine Controls. It took a while but eventually common sense prevailed.

Recently there have been numerous articles written on Mogo Zoo where a tiger cub is being raised with a German Shepherd. The articles have international and is a very big positive for our breed.

I look forward to moving the GSDL further forward but the task so far would not have been achievable without the cooperation and team effort that has existed and supported me in this endeavor. I thank my Vice President and Secretary for their valuable support and without their experience and dedication the management of the GSDL would not have functioned as efficiently as it has.

Although I have only referred to a few specific areas of the functioning of the GSDL, I must acknowledge every person on the Committee and those that participate in its functioning are equally important.

Graeme Stevenson

## **GSDL Demonstration Display Team 2009 Report.**

The 2009 GSDL Demonstration Team have performed very well again this year. The Team now have been working with new young dogs as most of our "oldies" have been retired. This means most of our Display is on lead.

We have been performing at Campbelltown "Pooches in the Park", Homebush Bay with the RSPCA "Million Paws Walk", Gosford Micro chipping Day at the Race Course (under extreme difficulties and conditions for our dogs.)

Baulkham Hills Council (Orange Blossom Festival) "Paws in the Park" at their new venue, which was excellent for us all. Tafe College at Richmond Open Day, a very pleasant day with us and dogs interacting with the Public.

"Pet Fest" with Holroyd Council at Merrylands, such a lot of people and pets, it gets bigger every year, and what a hot day, we were kept busy cooling dogs and talking to the Public, our dogs were great PR people, the Public love them and so many photos taken, dogs so friendly and patient with "littles."

We are now practising for 3 days at Pet Expo.. 3 Events each day... 9 all together, this puts big pressures on our dogs. We take them away from the crowds at intervals to give them" some quiet time". We have 2 new members Karen Eaton and "Fee" and 13 year old Erin Lawrence and "Max"; they are coming into the team to help with numbers for Expo, as not everybody can do 3 days due to work and family.

After Expo we have been invited to perform at Engadine Lions Club for the 1<sup>st</sup> time and are looking forward to meeting the people.

GSDL purchased the Team new Polo Shirts with long sleeves this year. We have only worn them once as the weather has been too hot.

I wish to thank all the Team for their support at Functions, helping Alan setting up and packing trailer at the end of the day. Not to forget Thanking Tony and Mathew Darcy for coming along to help us also.

Thank you Fran, Craig and Lee and the Committee for getting us out there with advertisements on the Web, Shepherd News and Registrations.

Cheers Judy Connors. GSDL Demo Team Coordinator.

## **Marketing Report 2008 - 2009.**

Not a great deal to report. Have had sales of around \$6,000.00 for the year. There has been some new Jackets introduced this year and are going well.

Due to poor health I will not be standing this year, but I would like to wish everyone good health, good showing and obedience, and a Happy Christmas and New Year.

Regards,

Alan. G . Connors.

### **Show Managers Report 08/09**

I would like to start by saying thank you to all who have assisted me over the year. I would also like to thank all of the handlers for their good sportsmanship and cooperation in the ring. I apologise if I seem a bit pushy at times but my intension is only to keep things moving along so we get finished at a reasonable hour.

Our shows over the last twelve months have run fairly smoothly, hopefully this will carry through. One thing I've noticed is the occasional shortage of handlers. I think it's important for breeders and exhibitors to teach and encourage our younger members in handling in the show ring, remember their the future of our breed.

I'd like to thank Barbara McKitrich for all her hard work keeping the obedience well organised. I would also like to encourage more participation in obedience, go on challenge yourself you might be surprised.  
Good luck to all in show and obedience over the next year.

Tony D'Arcy

### **Smart Animals**

It is mid-morning and my wife is driving along a country road close to home in our Mitsubishi van, John Denver playing on the stereo and me trying to sing. A perfect morning, the sun is out, and I am in high spirits.

Ahead is a flotilla of police cars, marked and unmarked, either side of the road. Just as I think "What the hell?" an officer waves for us to pull in.

"Breathalyzer. At this hour on a weekday?" I think to myself. My wife pulls over onto the shoulder of the road and winds down the window. Here comes an officer, armed with a breathalyser, reaching through the window with a "Have you been drinking today Madam?" The answer is negative. In a deep, official tone the officer says "Breath into this, madam."

Before we can do anything, a big doggy head pushes between my wife and the officer. Powerful jaws clamp down on the breathalyser. With a shriek the officer lets go and the dog withdraws with her trophy between her teeth.

Now every cop has our vehicle surrounded and my wife collapses over the steering wheel in near hysterical laughter. The officer humbly requests the return of his stolen gadget but it takes some time for my wife and me to compose ourselves enough to tell the dog, Leada, to "Give."

Reluctantly, Leada's head reappears in the window and gives the breathalyser back to the officer. By now cops are laughing everywhere at their red-faced colleague. Eventually my wife is breathalysed and given the all-clear.

I am laughing so much we have to find a loo and the cops are waving and grinning as we drive off. Leada's dark eyes meet mine in the rear-view mirror, they are full of mischief and I'm sure she's saying "Could have been a baddie with a gun."

### **Web master Annual Report 2009**

During this year the GSDL web site has kept developing as useful tool for both the members as well as visitors to the GSDL web site.

A number of pages have been added the GSDL website to make results pages easier to negotiate.

I would like to thank the official show photographers and the members that have provided me with photos for inclusion on our results page for our show and breed surveys. I also thank the other members of our committee for providing me with information and result for the web site.

### **Membership Registrar Report 2008/2009**

This year has been a busy year. Once again we have sent out our Renewal Invoices via email to those members with email, and the rest receive them via mail. This method has been very well received and the response excellent.

Our membership is steadily growing. It is nice to see so many new people joining up to train and/or show their dogs.

Our request for Donations for 'Save A Shepherd' has also had a good response. There has been a lot of positive feedback on this.

I look forward to continuing in this role in the forthcoming year.

Lee Baker

**Secretary/Social Secretary's  
Report for Annual General Meeting 9<sup>th</sup> November, 2009**

Well here we are again at the end of yet another year - the last twelve months have been very rewarding for the League and everything has been flowing smoothly and the League Committee members have been wonderful in their support of anything I may have asked of them in my duties as secretary.

As part of the secretarial duties work has already commenced in acquiring all the approval etc., to host the 2011 National on behalf of National Council.

Dogs NSW will be running a mammoth Open Day next June which will be widely publicised to the general public and the League has already booked the largest size marquee and intend participating in the conformation, obedience with our demonstration team and the herding section - this is a wonderful opportunity to showcase our club and members will be kept well informed on this via our Shepherd News.

In my capacity of Secretary one of the best letters I had to write during the year was to Laurelle and Carolyn Reilly advising that they had been given Life Membership to the League for their wonderful support of the League over many years both in various Head Office and Branch positions as well as supporting any venture by the League. I am sure every member of the League joins in congratulating them.

In my capacity of Social Secretary once again the support from the Committee and members of the league has been gratefully accepted in the running of the canteen and in the Bunning's fund raising venture.

The Erskine Park members may look a little "heavier" to you as they are wonderful in their support of buying - and eating - the Cadbury Chocolates which is a great fund raiser for the League and likewise their support in donating items to raffle at our shows has been great and I take this opportunity to thank them.

I would also like to thank those member not on Committee i.e. our Show Manager's wife and son who came to my assistance in running the canteen at the State Breed Show and, of course, not forgetting the ever present Lorna Phillips who is at every canteen working like crazy. Lorna is not a member of the League, although she does own a very spoilt German Shepherd, however the League thanked her for her continuing assistance by giving her Hon. Membership to the League.

Thank you all and if I can be of any assistance to anyone at any time please do not hesitate to contact me.

Fay Stokes - Hon. Secretary

**Show Secretary's Annual Report 2008-09**

This year has seen another decline in entries to our shows. Obedience trial numbers have also dropped. It would be very interesting to have some opinions as to how to regain the numbers we used to have.

The League has conducted 6 shows, 4 obedience trials and one mock obedience trial this year; two championship shows two open shows and two championship shows at the Spring Fair, which is held in conjunction with Dogs NSW.

Most of the shows made a small profit and the Spring Fair was very successful both in numbers and financially. The State Breed Assessment was held again and was slightly up in numbers. It was very well received by who attended; hopefully we will see more exhibitors next year.

This year's committee has tried to reduce expenditure and keep entry prices down as much as possible.

Thank you to all our Exhibitors and Triallers who have supported our Club this year and to the stewards & stenographers.

My Special Thank You to Tony & Dianne Darcy, Judy Connors, Lee Baker & Fay Stokes. Your help is invaluable!!!!

## Vice Presidents Report 2009

Again as last year I would like to congratulate the Committee of 2009 and thank them for a job well done. It was a good year and all of you have played your part in this. As always with any committee we have had some difficult times but this has not affected the running of the club. All in all the year has been financially successful one.

We have had some new innovations with the introduction of the Promotional bags just recently. These are available through the Merchandising arm of the League and through your Tattoo officers. These bags are ideal for packing your information in for you puppy buyers and at \$2.00 a steal as it promotes the League by just carrying it with you.

A publicity package with display boards has been purchased and is in the process of being dressed for display along with a screen banner display also in progress.

We have of course if you had not already noticed a new photographer for our show with Fiona Erskine of Fire Photography who has been supportive of the League and the members

My position throughout the year was again to be backstop to Graeme in his position as President and he has steered the League again into calmer waters. It has been my pleasure to work with him and the rest of the team.

Due to Graeme's work commitments, Fay and I coped with the daily running of the League and my thanks go to her for her support. We were able to report back to committee on the daytime shift items that needed movement on. As an executive Graeme, Fay, Karen and I worked well together and supported each other, which is essential for the smooth running of the committee and the League.

During the year I again tried to source sponsorship for the club. I wrote more letters with some minor success but found it rather tight out there in sponsorship land. The sponsors that we do have at the moment are gratefully appreciated by the League, PETstock, Pedigree, and a few special members who have donated items and larger prizes for our Raffles, Trevor & Margaret Moore of Dellahund Kennels, Grant & Kurt Morton Vladimir Kennels and Karen Johnson Petgrooming for her support in the Child Handlers prizes.

The League has run raffles at all shows in the last twelve months and we have made some good dollars in running these raffles with your support. Our sponsors in most cases donated the prizes and we thank them for their support.

Last but not least I would like to thank you the members for your support of the League and hope that your support is ongoing, we can only prosper with a good committee and a supportive membership.

Terry Jarvis

## HD ED Report

for the period from October 2008 to September 2009

During this period 118 HD and ED forms have been submitted through the scheme for reading to either Dr Wyburn or Dr Lavelle from the German Shepherd Dog League.

I would like to thank the members of the GSDL for their assistance in their submission of the forms by filling out the paperwork correctly and including all the necessary documentation in the first instance, as this makes my job that much easier to process their forms promptly.

The new simplified form that has been in use for the period seems to be working well and so too has the implementation of the use of digital x rays that many veterinarians are now utilising.

I also would like to take this opportunity to thank the members of the Committee in their continued support of my position where they have been all too happy to support me as HD ED Registrar for this period.

JL Carroll

## Tattoo Report

The current year has seen an increase in overall tattoo and microchipping. There have been 194 litters – 1207 whelps tattooed which is up on last year of 156 litters – 935 whelps. Within this, 569 pups were microchipped by our microchip officers (586 last year). The increase has obviously increased the income for the GSDL which aids in the financial stability of the club.

Since the GSDL obtained its own environmentally friendly smart shopping bag, many breeders are taking the opportunity to use these for their puppy information packs. Part of the aim of the bag is to further advertise the GSDL's name in the general public.

The GSDCA Tattoo Data Base is up and running and all tattoo officers have been asked to include the microchip number for each puppy on the TS4 record form. The provision for this on the data base came directly from the National Breed Council Meeting in July this year. The form has been re-designed to cater for the microchip number insertion.

The tattoo is still the only recognised form of positive identification for the GSDCA Breed Improvements Schemes and the provision for the microchip number is only an additional piece of information at this time.

A Working Party has been formed to investigate Microchipping and how (or whether) it can be introduced. This report will be presented to the next NBC Meeting for consideration.

Finally, I express my thanks to all the tattoo officers for their dedication and efforts in donating their spare time to assist breeders with puppy identification through the tattoo scheme and our own microchipping service.

Graeme Stevenson  
Tattoo – Microchip Registrar.

The bags are \$2.00 each from your tattooist or the Leagues Merchandising officer.

## Puppy Listing Report 2009

Puppy Listings again over the last twelve months has been successful in all ways with the members taking advantage of and enjoying the service provided by the G.S.D.L as backup to their own efforts to sell pups. This year has been a real boomer and the members using the listings are happy with the results they get.

Puppy Listings to me has been very pleasing and enjoyable to oversee. Being able to assist puppy enquirers with help and direction in the purchasing of their puppies. I have again enjoyed the position of puppy listing over the last twelve months and look forward to another pleasing year

The listings have been going very well this year with the G.S.D.L. website being of great assistance and we get a lot of enquiries direct from the website, it is also pleasing to see a lot of members taking advantage of it. With a lot more people using the website, the new purchaser is ringing the breeders and asking the right questions because they have been in touch with me through the website and are a lot more wiser when they ring or email the breeder and are appreciative of this service. I have had feedback from breeders stating that when puppy buyers contact them they are well informed which I believe is a plus for the service.

Again the section for older dogs has also been well supported. And we now have a section on the website with information on tracing lost dogs. The email "The Puppy Registrar" gets plenty of use and enquires are answered in detail in quick time.

Breeders using the listings are sent a courtesy email about one week prior to them coming off the listings to see how the pups are selling and if they need to extend their time. The majority of breeders do advise me when their litters are sold which is a condition of being on Puppy Listings and essential to the correct running of the listing service.

As I said previously that I have enjoyed the position of Puppy Listing Registrar and helping people who are not sure whether they should or should not own a shepherd, whether they have enough room to keep one, also about when and where to train.

I have quite a few people who buy from our listings, also ringing up to thank me and tell me all about their new pup.

Pam Jarvis  
Puppy Listing Registrar

## **RESCUE AND WELFARE**

We would like to thank everyone who donated to rescue and welfare via the donation slip attached to the membership renewals.

Thank you so much for your kindness and generosity. Members will be kept informed as to where the money is being utilized.

In June the league donated \$250 to Save A Shepherd to provide food for rescue and neglected shepherds. And this month \$200 will be donated for the purchase of veterinary supplies e.g. treatment for ear infections, mange, heartworm medications etc.

A number of dogs coming from the pounds are in dire need of treatment and sadly some dogs that have been surrendered directly to Save A Shepherd require treatment for various ailments due to neglect and ignorance.

We would also like to thank Carole Howarth who has collected many dogs from Blacktown Pound and driven them down to Bowral to meet up with Tanya from Save a Shepherd. Carole worked extensively with GSD Rescue in the UK and has a heart of gold.

In each edition of Shepherd News we will feature the story of individual rescue dogs. These dogs have not committed any sin other than having had the misfortune of being owned by uncaring, neglectful and sometimes cruel humans.

### **Introducing: NOAH AND HIS STORY**

Last May Noah found himself at the Renbury Pound. Whilst other dogs were collected by their owners, no one came for Noah.

Noah was in poor condition, very thin with badly infected ears and a skin condition.

We will never know how Noah came to be at Renbury but we can deduce from his condition that Noah was not loved or cared for and that he had endured a hard life. His age was thought to be about 7 – 8 years.

Nobody came forward to adopt Noah possibly due to his age and poor condition and so he was released to Tanya and Andrew Evans of Save A Shepherd.

Tanya and Andrew took care of Noah and ensured that he was desexed, vaccinated and heartworm tested. Noah was then advertised on their website and on the Petrescue site in order to find him a loving, forever home.

The younger dogs rehomed fairly quickly but nobody wanted Noah. The months passed and still no one came for him.

Then in September, a gentleman named David rang the league, spoke to Pam Jarvis enquiring about adopting a rescue dog. David then made contact with me and we discussed what he was looking for and the kind of home that he could provide a dog.

He was a paraplegic due to a car accident and he thought that a mature dog would suit him best. We discussed Noah and David thought that Noah was just what he was looking for. Finally someone wanted Noah!

Arrangements were made for Tanya and Andrew to bring Noah to our home as it was the most central location for all concerned.

David and Janine arrived and the prospective parents awaited the arrival of Noah.

Noah walked into the house totally at ease with everyone and his surroundings.

He had the most beautiful nature and was a far more handsome dog than his internet photos indicated. I was impressed, what a lovely, affectionate boy he was and I could only wonder as to what sort of a human being could have neglected this gorgeous boy so badly.

David had brought some goodies for him and we also spoilt him with some treats and biscuits. Noah was a sweet, gentle boy and that afternoon he went home with David and Janine after Tanya said a sad, tearful goodbye. She had got very attached to Noah but we all knew that Noah was finally going to find all the love and happiness that he deserved.

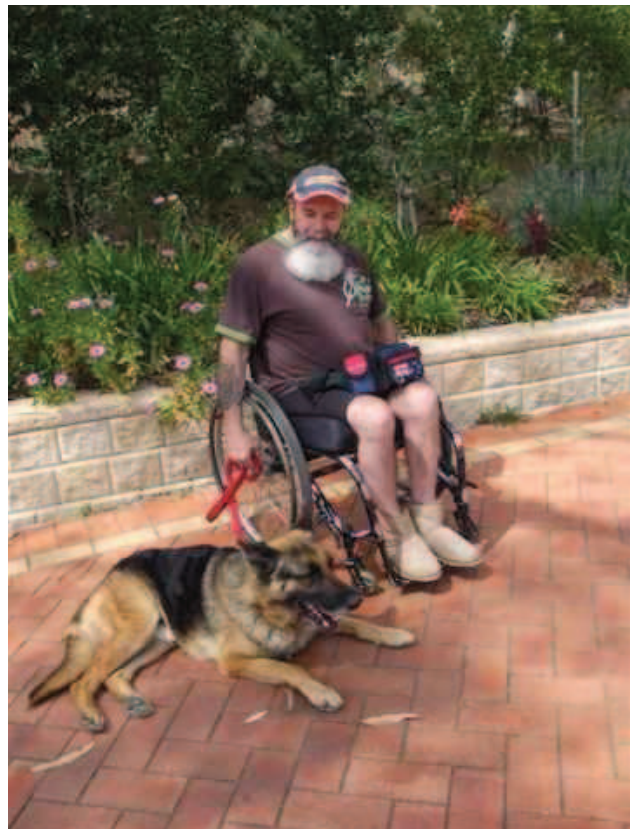

David rang that night to let us know that Noah was doing well and had become a fixture on the couch next to his new mum and dad.

We stay in touch and talk every few days. David's son is a butcher so there is always lots of good tucker on the menu and David is now considering taking another rescue dog.

He was asked by someone as to why he had adopted an older dog. His reply was "Noah and I are both here for a good time, maybe not a long time but a good time"

So you see that there is a very special person out there for every special dog
