Dear Val,

GSD Haemophilia Litter Registration Limitation (LRL)

We refer to your letter of 25 February, 2019 requesting the removal of the current ANKC Regulations Part 6 – The Register & Registration Clause 8.8.2 which applies to Factor VIII (H-neg) testing for Haemophilia A in German Shepherd Dogs as a prerequisite for registration of German Shepherd Dog litters.

This matter was considered at the June 2019 ANKC Special Board meeting where the Directors endorsed the National Canine Health & Wellbeing Committee recommendation for the submission to be endorsed and effective from 1 January 2020.

We are arranging for a note to be included in our regulations to indicate Clause 8.8.2 will cease from 1 January 2020 and it will be removed in late December 2019.

Kind Regards,

Tracey Barry
Administrator
