Additional Information Bulletin WUSV Board of Directors – Hair Varieties

Ladies and Gentlemen:

We received several requests in connection with the mating/ inbreeding of stock hair and long stock hair with undercoat varieties, and we would like to use this opportunity to address the issue once more.

In the *WUSV Breeding Program* – that was approved of by the member clubs and which is considered legally binding – the following is explicitly and unmistakably stipulated under Item 1 General, subitem 1.2.:

„The population of stock hair and long stock hair with undercoat are separate breed bases. Dogs from the two different breed bases may not be used for mating.“

A deviating handling of this stipulation constitutes a clear violation of the WUSV Breeding Program.

Thank you very much for your attention and kind consideration.

With kind regards

Hartmut Setecki

WUSV Secretary General
